

Personal Pharmacist™ Program

Overview: Available to consumers, the Outcomes Personal Pharmacist Program is a turnkey approach to pharmacist-delivered MTM services. The program provides a framework in which patients may closely work with their pharmacists to achieve optimized therapy and reduced medication costs.

Location: Available nationwide

Eligible Members: While any patient is eligible for enrollment, patients using multiple medications to treat various disease states are particularly good candidates. Even if patients are eligible for MTM services through other programs, they may be enrolled in the Personal Pharmacist Program in order to receive more comprehensive services.

Covered Services

• Comprehensive Medication Reviews (CMR)	\$50.00
• Prescriber Consultations	\$20.00
• Patient Compliance Consultations	\$20.00
• Patient Education & Monitoring	\$10.00

Each member is eligible for one Comprehensive Medication Review annually and as many other covered services as is necessary and appropriate. Please see the Outcomes Personal Pharmacist™ training program and the Outcomes MTM Policy and Procedure Guide for further details.

Pharmacy Contracting: To participate, each pharmacy must complete an Outcomes MTM Network Participation Agreement.

- Go to www.getoutcomes.com
- Click on the tab labeled “Pharmacists” at the bottom of the screen
- Select “Pharmacy Contracting”

Pharmacist Training: To be eligible to provide these MTM services and receive professional fees, pharmacists must complete the Outcomes Personal Pharmacist training program.

- Go to www.getoutcomes.com
- Click on the tab labeled “Pharmacists” at the bottom of the screen
- Select “Pharmacist Training”

Patient Enrollment: To enroll, a patient may either complete the paper enrollment form included with Personal Pharmacist Program brochures or complete the process online.

- Go to www.getoutcomes.com
- Click on the tab labeled “Consumers” at the bottom of the screen
- Scroll down the page and select “Enroll in Consumer Plan”

Supplies, Marketing and Implementation: The Personal Pharmacist Program Starter Kit is an optional resource available to pharmacists interested in implementing this individualized MTM program. The kit includes: a display stand, Personal Pharmacist Program brochures, medication risk index assessments, a sample patient enrollment folder, a counter mat, window clings, a sales instruction guide, an “Introduction to Outcomes” marketing CD-ROM, and forms for use in working with eligible patients. To order:

- Go to www.getoutcomes.com
- Click on the tab labeled “Pharmacists” at the bottom of the screen
- Select “Order Supplies”
