

informedRx Medication Therapy Management Program Santa Fe Employes Hospital Association-Coast Lines Medicare Part D Program

Overview: informedRx has elected to utilize community pharmacists in the provision of Medication Therapy Management (MTM) services for selected plan members in Santa Fe Employes Hospital Association-Coast Lines Medicare Part D Program. Outcomes Pharmaceutical Health Care® (Outcomes®) is administering the MTM program for informedRx through participating network pharmacies and pharmacists.

Launch Date: January 2010

Location: California (Region 24)

Eligible Members: A subset of Santa Fe Hospital Association – Coast Lines members is eligible for a full menu of face-to-face MTM services. Pharmacy-specific lists of eligible patients are available upon log-in to the Outcomes documentation platform.

Covered Services:

| | |
|--|------|
| • Comprehensive Medication Reviews (CMR) | \$75 |
| • Prescriber Consultation – Cost Efficacy Management | \$20 |
| • Prescriber Consultation – Drug Therapy Problem | \$20 |
| • Patient Compliance Consultations | \$20 |
| • Patient Education & Monitoring | \$10 |
| • Prescriber Refusal | \$2 |
| • Patient Refusal | \$2 |

Each selected member is eligible for one Comprehensive Medication Review annually and as many other covered services as is necessary and appropriate. Please see the Outcomes Personal Pharmacist™ training program and the Outcomes MTM Policy and Procedure Guide for further details.

Targeted Intervention Program (TIP®): In addition to pharmacist-identified services, Outcomes also works to assist pharmacists with the identification of potential MTM services. Known as TIPs, these interventions may target cost savings opportunities for the patient, inappropriate compliance, potentially contraindicated drugs, and other drug therapy problems. On at least a quarterly basis, Outcomes uploads TIPs to the claims platform and distributes TIPs by mail and/or fax to pharmacies dispensing prescriptions to Outcomes-eligible patients. Pharmacists may respond to TIPs by fax or mail before contracting and training are complete. TIPs are a great way to get started with Outcomes MTM services.

Pharmacy Contracting: To participate, each pharmacy must complete an Outcomes MTM Network Participation Agreement.

- Go to www.getoutcomes.com
- Click on the tab labeled "Pharmacists" at the bottom of the screen
- Select "Pharmacy Contracting"

Pharmacist Training: To be eligible to provide these MTM services and receive professional fees, pharmacists must complete the Outcomes Personal Pharmacist training program.

- Go to www.getoutcomes.com
- Click on the tab labeled "Pharmacists" at the bottom of the screen
- Select "Pharmacist Training"
